

Sympathy For Backward Children

Theodore Roosevelt tells in his autobiography how, when 13 years old, he discovered he was nearsighted and secured glasses which opened up a new world for him. He says:

"I could not see, and yet was wholly ignorant that I was not seeing. The recollection of this experience given me a keen sympathy with those who are trying in our public schools and elsewhere to remove the physical causes of deficiency in children, who are often unjustly blamed for being obstinate or unambitious or mentally stupid."

If your child is not doing well in school, it will be a good thing to have his eyes examined at Clinton's. This may correct defective vision which no one has suspected, and thereby overcome a great handicap.

Spicer Given Medal.

Clarence H. Spicer, who is an ambulance driver in a sanitary train of the 88th division, has been awarded a croix de guerre medal for bravery and faithfulness in service. In one of the battles, when shells were falling like hail and exploding, the ambulance driven by Spicer was blown to pieces by a bursting shell, but fortunately he escaped with minor injuries. Though part of the 88th Division has returned home, Clarence does not know when his unit will be started home-ward.

Mrs. Hughes Passes Away.

Mrs. Thomas Hughes, of Hastings, a former resident of North Platte, passed away at Hastings last week at the advanced age of eighty-seven. The deceased, who was the mother of Mrs. D. C. Congdon of this city, spent about twenty years of her life in North Platte, coming here with her husband, a U. S. engineer in 1879 and remaining until about 1899. For a dozen or more years she had made her home in Hastings, in which city Mr. Hughes died in 1909. Mrs. Hughes will be well remembered by many who are now residents of this city.

Lot Prices Reduced.

H. M. Bebout who has platted twenty lots in Sutherland and is offering them for sale, writes us that he has found that the prizes he offered in connection with the sale of the lots might be construed as illegal and he has withdrawn that part of the inducements to purchasers. To take the place of the prizes he has reduced the price of the lots to \$215 each; \$50 with the order and \$165 payable March 8th. He reports that seven lots had been sold when he changed the procedure of the sale. Additional houses in Sutherland to house the constantly increasing population are a necessity, and the sale of these lots, so nicely situated, and the erection of houses thereon seems to be one of the solutions of the problem that now confronts Sutherland—the village beautiful.
